REPORT
OF
LOUISIANA RELIEF LODGE, NO. 1,
TO THE
M. W. GRAND LODGE OF LOUISIANA,
SUBMITTED FEBRUARY 11, 1861.

~~BE~~ The attention of the Secretaries of the contributing Lodges is called to the following resolution, passed at the meeting of Louisiana Relief Lodge, No. 1, held May 5, 1861.

"Resolved, That 1000 copies of the Report of this Lodge to the M. W. Grand Lodge be printed for distribution among the members of the contributing Lodges, and that the Secretary of this Lodge request the Secretaries of the contributing Lodges to distribute them among their individual members."

To the M. W. Grand Lodge of the State of Louisiana :

On the return of another Annual Communication, Louisiana Relief Lodge, No. 1, begs leave to present the following report :

And first, we would render our grateful homage to the Grand Architect of the Universe for his loving-kindness towards us during the past year, in blessing our city with health, and keeping far from our midst the devouring pestilence. While we have escaped the great personal exertion and increased expenditure which attends an epidemic, the calls for assistance have been no less urgent and frequent. Misfortune and disappointment, sickness and death, and the widow and the orphan, are always in our midst, appealing for aid, assistance and consolation. More especially has this been the

case towards the close of the past year. Causes, which are familiar to all, entirely deranged business—numbers were thrown out of situations, and the multitudes who flock to this city every fall in search of employment were doomed to disappointment. Among them were a large number of Masons, and to the relief of the worthy, so far as our means would permit, have our charities been extended. Substantially the same system has been pursued, and this has been explained so often, that it is deemed superfluous to repeat it.

It may not, however, be irrelevant to remark, that the greater number of applications for relief are from unaffiliated Masons, and those generally from jurisdictions which do not publish the returns of their Subordinate Lodges. Diplomas are occasionally exhibited of ancient dates, and relief claimed as a right on the strength of the parchment, even when the applicant cannot prove himself. In one instance, forty-three years had elapsed, according to the statement of the applicant, since he had visited his Lodge, or contributed one cent to the support of the Order. This is an extreme case, but it is no rare occurrence to have applications for relief from those who, for periods of ten or fifteen years, have been in the same situation. Our by-laws prohibit the recognition of any such claims, and as far as possible they are adhered to. When there is a reasonable doubt, and the case is urgent, the applicant has the benefit of it; but in such cases, the publication of the lists of membership by all the Grand Lodges would be a check upon the unworthy.

In the absence of such lists, and also in cases of doubt, we have adopted the system of writing for information to the jurisdiction from whence the applicants hail. As a general rule, our communications have been answered and valuable information obtained, and, in particular, we would return our thanks to Bro. J. M. Austin, Grand Secretary of New York, and Bro. Theo. Parvin, Grand Secretary of Iowa, for the promptness with which they have answered our frequent inquiries.

We would respectfully call the attention of the Grand Lodge to the practice which prevails in some jurisdictions of conferring side-degrees upon females. Numerous applications for relief are made, and assistance claimed *as a right* upon the strength of these so-called degrees. Knowing nothing of them *per se*, the Relief Lodge can recognize no such claims, but when the applicant can satisfy us that she is worthy and entitled to our aid, it is always liberally extended,

and we can see no benefit to be gained by innovations and inventions, which, however harmless in themselves, have been often found in the possession of the worthless and the vile.

During the past year, the Relief Lodge Tomb, in Greenwood Cemetery, has been entirely renovated, and a new wing built, containing twenty-four vaults, and corresponding in all respects with the original structure. The contract for this work was \$1,500. Of this amount, \$1,000 has been paid, and a note for \$500, due 1st of April, given for the balance. When this improvement was undertaken, the Relief Lodge had every prospect to meet the payment of this note, but the heavy drain upon our treasury at the close of the past, and beginning of the present year, almost forbids such a hope. Under these circumstances, it may become necessary to draw that amount from the funds belonging to the Relief Lodge, which were loaned to the Grand Lodge Hall, and should such an emergency occur, we have no doubt that the Board of Directors will enable us to meet promptly our engagements.

There is still another wing to be built, before the Tomb will be completed according to the original design. At present there are sixty-four vaults, besides the receiving vault—when completed, there will be ninety-six vaults. Our intention is to complete it as soon as circumstances will permit, and thus secure a last resting place to those brethren of other jurisdictions who may happen to die among us.

Our Secretary, Bro. A. DeSola, has prepared the following statement of the Receipts and Expenditures of the Relief Lodge for the year 1860 :

We have again to return our thanks for the sympathy and assistance extended to us by other jurisdictions. A glance at our receipts will show that during the past year the Grand Lodges of Connecticut and Georgia have shown their appreciation of our labors by donating to us material aid. Washington Naval Lodge, No. 4, D. C.; Doric Lodge, No. 280, New York; and Mount Moriah Lodge, No. 40, St. Louis, have also testified their approval of our "work" in the same manner.

To that true and steadfast friend of the Relief Lodge, Past Grand Master Wm. M. Perkins, we again return our thanks for his annual donation of \$31 75.

A pleasing feature in the present report is the amounts returned by individual Masons who have been assisted by the Relief Lodge. Considering the numbers relieved, who, notwithstanding their promise, do not even write to us after they have reached their homes, those brethren who have kept their faith are deserving of all praise; and it is a matter of congratulation to us to know that our charities have been bestowed upon some who have proved themselves truly worthy.

Hoping that our "work" may be ever such as to merit a continuance of the approbation of the Grand Lodge, this report is respectfully and fraternally submitted on behalf of the Lodge.
